## Construction Facts:

- The majority of this work will occur along Yellow Springs Road, Mill Road, Rochambeau Road, Valley Road, and the surrounding areas, including some locations of existing rear property construction.
- Electrical construction is scheduled to begin in January 2018, and work will occur from 7 a.m. to 4 p.m., Monday through Friday.
- The project is expected to be completed by June 2018, and work will be performed by qualified PECO contractors.

Date: 11/8/2017
