

Don't just
watch TV...

Make it!

*We'll teach you how to shoot & cut,
how to light & get great sound!*

You & your crew can build a non-commercial series that airs for free on TV!

Or attend to learn how to make better home movies!

FREE Basics of Video Production/ Certification Classes:

Basics of Videography: 7 – 9 PM Wednesday, April 19

Repeated: 12 – 2 PM Saturday, April 22

Lighting Basics: 7 – 9 PM Wednesday, April 26

Repeated: 12 – 2 PM Saturday, April 29

Sound Gathering: 7 – 9 PM Wednesday, May 3

Repeated: 12 – 2 PM Saturday, May 6

Our curricula are free to Tredyffrin residents and their crews. Crewmembers do not need to be Tredyffrin residents. The Basics of Production curriculum is mandatory for every Tredyffrin Township Television (TTTV) producer and crewmember and is a required prerequisite for other curricula.

Every recording, according to the physical demands of the production, requires a certain number of certified crewmembers to safely produce a show. At least three Basics of Production-certified crewmembers, one of whom must be the (Tredyffrin resident) Lead Certified Producer, are recommended to produce a standard quality three-camera studio shoot.

The number of crewmembers required for any field production will be determined by the studio manager at the time of the equipment loan. The basic determining factor will always be how many pairs of hands are necessary to keep talent, crew and equipment safe.

Only Basics of Production-certified crewmembers may use our facilities and equipment.

Classes are held at the Greenwood Studio in the Tredyffrin Township Building at 1100 DuPortail Rd. in Berwyn.

Space may be limited to first registrants. Classes may be cancelled if attendance is low.

Register by 5 PM on Friday, April 15 by emailing TTTV@tredyffrin.org or by calling our Studio Manager

Gene Donahue at 610-408-3633. *Early registration is preferred.* Dates are subject to change.

Comcast Ch. 15 & 964, Verizon Ch. 24
