Join us at 12 noon for a composting workshop presented by Ana M. Negrón

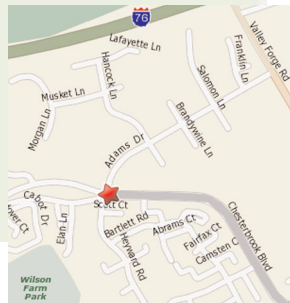

Ana M. Negrón, long time Tredyffrin Township resident, family physician and author of [www.greensonabudget.org](http://www.greensonabudget.org), will present the simplicity of composting. She reminds us that reducing the amount of garbage that is hauled to the landfill is of global importance. Bringing kitchen scraps to our back yard bin and adding brown leaves to the mix is almost all it takes. Ana is a master composter who has been composting for over twenty years and teaching for the past two. Her compost bin was one of the stops in last year's Panhandle Garden Tour.
