Members absent: Victoria Snyder.

Also present: Mimi Gleason, Township Manager.

Vice Chairman O'Leary called the meeting to order at 7:00 PM.

OTHER MATTERS:

Draft Historic Preservation Plan: Discussion of the draft Historic Preservation Plan.

- Mr. O'Leary said that the Planning Commission was reviewing the August 2008 draft of the Historic Preservation Plan. He proceeded to review each page of the document and ask if anyone had any revisions they would like to see made. Several members had comments on language in the draft which they felt could be changed or eliminated. The comments were duly noted and a revised draft marked with the suggested revisions will be sent to the Historic Architectural Review Board for discussion at their November 18, 2008 meeting. The draft resulting from that meeting will be discussed further at the November 20, 2008 Planning Commission Regular meeting. Ms. Gleason noted that she would like to see the recommendation of a final version by that meeting's end, so that it can be included in the Comprehensive Plan that is currently before the Board of Supervisors for adoption. The meeting adjourned at approximately 9:30.

Respectfully Submitted,
