OTHER MATTERS:

Draft Storm Water Management Ordinance- Follow up discussion from the 2/19/09 meeting.

A brief discussion was held to clarify some modifications to the Draft Storm Water Management Ordinance. Most of the questions from Planning Commission members were regarding repaving of parking lots. Mr. Burgo explained that milling and repaving a previously existing impervious surface would not need stormwater management. However, if the area is ripped up, a grading permit as well as a stormwater permit would be needed. The ordinance will be reviewed by the Board of Supervisors at a public hearing on March 16, 2009.

Action: None

The meeting adjourned at approximately 7:30 PM
