Citizens Police Academy

The Tredyffrin Township Police Department holds a citizens' police academy as part of a community crime prevention program each fall for residents of Tredyffrin Township. The program is designed to increase understanding between citizens and police officers through training and open communications. **You are not being trained as a police officer.**

The academy is an excellent program to bring the community and police department together through mutual understanding. By participating in this program citizens promote community involvement which is the most powerful force any law enforcement agency has in the fight against crime.

We are currently scheduled to begin our program in September. Classes will be held every Thursday from 7 pm to 9:30 pm for 11 weeks. If you are interested, please contact the Community Policing Office to register or fill out the application form from the Township website and fax or mail it to us. The academy will be held at the Tredyffrin Township Municipal Complex. Please visit the Township website for more information on this program.
