Dear Tredyffrin Township Resident:

Attached you will find Chester County Emergency Management forms and code data for possible assistance as a result of the flash flooding on Monday August 13, 2018 in Tredyffrin Township and the region. If you have been impacted, the attached individual assistance form may be completed using the data sheets attached.

The forms are used to gauge the amount of loss in the region and are not a guarantee of a recovery amount, if any. Our role is to collect the data and forward it to the County Emergency Management Team.

If you have any questions, please email or contact us by phone and we will gladly assist.

Completed forms may be returned to mbeaty@tredyffrin.org.

Respectfully,

A handwritten signature in blue ink, appearing to read "T. Michael Beaty", is written over a horizontal line.
