

Affected: No structural damage, ingress/egress to property may be hampered.

Business: Number now employed: Include only those who are unemployed due to the disaster. This can be the result of either business damage or employees' inability to travel to that business.

Crop Land: Estimated dollar value of damage to field crops, fruit trees, and timberlands significantly damaged by the disaster.

Destroyed: Totally uninhabitable and beyond repair.

Individual Assistance: A federal program that provides disaster housing, grants and loans to aid individuals and households.

Individual Damages: Damages to individuals, businesses, working farms (crops, livestock, buildings, or equipment), and private nonprofit facilities (for example, churches or private schools).

Major Damage: Structural damage that cannot be repaired within 30 days. These houses are uninhabitable without major structural repairs.

Minor Damage: Structural damage that can be repaired within a 30-day time period. These houses can be lived in with moderate repairs.

Mobile Homes: Use the same category as primary homes. Water above the floor of a mobile home for any significant length of time generally causes severe damage to it, even though some occupants may choose to move back in.

Primary Homes: Homes used as references for filing income taxes and voting. Homes may be considered "primary" which are necessary because of the location of employment. Secondary homes are usually vacation homes. If a secondary home were rented out, then damage to it would be listed under Business. Estimated values are acceptable.

Private-Nonprofit Facilities: Do not include facilities supported by tax dollars that are the responsibility of government. They should be listed in the Public Damage section.

Protective Measures: These can include the cost of search and rescue, demolition of unsafe structures, and actions taken by governmental forces to reduce the threat to public health and safety. The disaster must be responsible for your extra costs.

Public Assistance: A federal program that provides aid to local and state governments to help pay the cost of rebuilding a community's damage infrastructure.

Public Buildings, Facilities, and Equipment: This should include any equipment directly damaged by the disaster (not any damaged during response), replacement or broken windows, damaged roofs, etc.

Public damages: These are damages to government-owned properties and facilities. They are based on the cost of returning those properties to their pre-disaster condition. They also include out-of-pocket costs incurred by government in response to the disaster.

Public Utility Systems: Enter all costs to repair damages to town-owned or county-owned utilities and utility systems. These can be the emergency repair and/or projected permanent replacement costs.

Road Systems: Cost to return property to its pre-disaster condition. Include only property owned by the jurisdiction (do not include any State or Federal Aid System roads, streets, bridges, etc.).

Schools and School Property: Separate public schools, supplies, and school property from other public facilities and equipment. Do not include private, nonprofit schools. They are included under Individual Damage.

Total Public Damage: Add totals in all public categories.

Total Residential: Include both Primary and Secondary Residences.

Water Control Facilities: Facilities owned, operated, controlled, or maintained by the local unit of government.
