WHEN YOU’RE WASHING YOUR CAR IN
THE DRIVEWAY, REMEMBER YOU’RE
NOT JUST WASHING YOUR CAR
IN THE DRIVEWAY.

All the soap, scum, and oily grit runs along the curb. Then into the storm drain and directly into our lakes, streams and into coastal waters including the Chesapeake Bay. And that causes pollution which is unhealthy for fish. So how do you avoid this whole mess? Easy. Wash your car on grass or gravel instead of the street. Or better yet, take it to a car wash where the water gets treated and recycled.
